## Summary of Qualifications:

I am a Certified Information Technology Specialist with 9 years experience with IT in general. I went on to Coastal Carolina University to obtain a bachelors degree in computer science. I also excelled on the Division 1 Track and Field Team where I also became an All-Conference Discus thrower and I was part of the Conference championship team. I also learned programming logic while using various languages I exercised those skills on an ecommerce site that I have developed at [www.usedeclipseparts.com](http://www.usedeclipseparts.com) I utilize OS-commerce, and various tools to keep the website up and running. I also employed my skills on the philosophy department's website at Coastal Carolina [www.coastal.edu/philosophy](http://www.coastal.edu/philosophy). While attending college I held a help desk position at Freestyle Music Park where I learned to solve more advanced issues over the remotely, over the phone and in person. I currently have my Cisco CCNA, CCNA security, & Security+ certifications.
